2015 Winter Term Preliminary Key Performance Indicator Report

Prepared by CCI Research Inc. for Forum Research Inc.

**PRELIMINARY KPI REPORT FOR:
Canadian Welding Skills, PCC ID 102673
Graduates from January 1st – April 30th, 2015**

Introductory Comments

This report was developed by CCI Research Inc., a subcontractor of Forum Research Inc. (Forum). Forum is the third party service provider working on behalf of the Superintendent of Private Career Colleges (Superintendent) to deliver the services required to calculate and publish Key Performance Indicators (KPIs) for private career colleges (PCCs).

This report represents the data collected from the first PCC KPI Graduate Outcome Survey window, pertaining to 2015 Winter graduates of OSAP-approved PCCs, or those who graduated from January 1 to April 30, 2015. Relevant footnotes have been included at the bottom of each page. These usually indicate the respondents who were considered for the current question based on responses to earlier questions.

For applicable questions, the percentage of "Refused", "Don't Know", and "Not Applicable" responses are combined and displayed in a single column. Percentages of all other responses for those questions are calculated independently of the "Refused", "Don't Know", or "Not Applicable" results.

Rating questions (e.g., satisfaction questions) are displayed by collapsing the two most extreme responses (e.g., "Very Satisfied" and "Satisfied" were combined and "Very Dissatisfied" and "Dissatisfied" are combined).

For programs with zero (0) completed surveys, all results are shown as NS to indicate that there were no surveys completed. For programs in which fewer than (5) graduates were reported, all results are shown as "SS" to indicate that results are based off a small sample and are not reported to protect the privacy of the graduates."

Note that rounding procedures occasionally cause the sum of individual percentages in a question to be slightly higher or lower than 100%.

The survey questions in this report are numbered to align with the College of Applied Arts and Technology (CAAT) KPI Graduate Outcomes Survey. Therefore, although it appears that this report may be skipping questions, not all questions from the CAAT Graduate Outcomes Survey were included in the PCC Survey.

This preliminary KPI report includes data relating to all of the Graduate Outcomes Surveys that were completed by individuals who graduated from your institution from January 1st to April 30th, 2015. The report includes preliminary results for the Graduate Employment Rate KPI, the Graduate Employment Rate in the Field of Study KPI, Graduate Satisfaction Rate KPI, as well as Employer Satisfaction KPI. Please be advised, however, that Graduate Satisfaction Rate KPI will not be posted as a final KPI later this year but will be included in your final results next year. Graduation rates pertaining to your institution's vocational programs will be calculated and published in spring/summer 2017.

As for the other preliminary reports released this year, please consider this report confidential and for internal purposes only. This data is **not to be shared/published** in any way.

NS = No surveys completed; SS = Small sample - not reported to protect privacy

The Survey Completion Rate is the total number of completed surveys divided by the total number of graduates. The Survey Response Rate is the total number of completed surveys divided by the total number of valid graduate numbers.

Graduate Employment Rate = Employed Graduates/Graduates in Labour Force

Graduate Employment Rate in the Field of Study = Graduates Employed in Related Field/Graduates in Labour Force

Graduate Satisfaction Rate = Graduates Satisfied or Very Satisfied/Graduates that Responded

**Only graduates that were validated by Question 44 – Date of Birth – are included in the KPI calculations.*

***Please be advised that Graduate Satisfaction Rate will not be calculated and published as a final KPI this year (2014 KPI Collection cycle). This KPI will be calculated and published for the 2015 KPI Collection Cycle.*

ENTRY LEVEL MULTI PROCESS WELDER, PCC ID 102673	8	3	11	1	1	13	0	6	3	9	69.2%

NS = No surveys completed; SS = Small sample - not reported to protect privacy

Graduate Employment Rate in the Field of Study is defined as the percentage of graduates in the labour force who are employed during the reference week in a field related or partially related to their training after graduation. The labour force is defined from Question 6 as those employed, those not employed but looking for a job or those not employed but who had accepted a job to start shortly.

Preliminary KPI: Graduate Satisfaction Rate Calculation									
	# Very Dissatisfied (1)	# Dissatisfied (2)	# Neither satisfied nor dissatisfied (3)	# Satisfied (4)	# Very Satisfied (5)	Q34. Graduates included in Graduate Satisfaction Rate (6) = $((1)+(2)+(3)+(4)+(5))$	Q34. Graduate Satisfaction Rate (KPI %)* $((4)+(5))/(6)$	Q34. Neither satisfied nor dissatisfied (KPI %) (3)/(6)	Q34. Dissatisfied and Very dissatisfied (KPI %) $((1)+(2))/(6)$
Overall

NS = No surveys completed; SS = Small sample - not reported to protect privacy

**Graduate Satisfaction is defined as the percentage of graduates who completed Question 34 who are satisfied or are very satisfied with the usefulness of their education in achieving their goals after graduation. Please be advised that Graduate Satisfaction Rate will not be calculated and published as a final KPI this year (2014 KPI Collection cycle). This KPI will be calculated and published for the 2015 KPI Collection Cycle.*

The Survey Completion Rate is the total number of completed surveys divided by the total number of employers. The Survey Response Rate is the total number of completed surveys divided by the total number of valid employer numbers.

Employer Satisfaction Rate = Employers Satisfied or Very Satisfied/Employers that Responded

**Only graduates that were validated by Question 44 – Date of Birth – are included in the KPI calculations.*

***Please be advised that Employer Satisfaction Rate will not be calculated and published as a final KPI this year (2014 KPI Collection cycle). This KPI will be calculated and published for the 2015 KPI Collection Cycle.*

Preliminary KPI: Employer Satisfaction Rate Calculation									
	# Very Dissatisfied (1)	# Dissatisfied (2)	# Neither satisfied nor dissatisfied (3)	# Satisfied (4)	# Very Satisfied (5)	Q74. Employers included in Employer Satisfaction Rate (6) = $((1)+(2)+(3)+(4)+(5))$	Q74. Employer Satisfaction Rate (KPI %)* $((4)+(5))/(6)$	Q74. Neither satisfied nor dissatisfied (KPI %) $(3)/(6)$	Q74. Dissatisfied and Very dissatisfied (KPI %) $((1)+(2))/(6)$

**Employer Satisfaction is defined as the percentage of employers who completed Question 74 who are satisfied or are very satisfied with the employee's overall college preparation for the type of work he/she was doing. Please be advised that Employer Satisfaction Rate will not be calculated and published as a final KPI this year (2014 KPI Collection cycle). This KPI will be calculated and published for the 2015 KPI Collection Cycle.*

Employer Call Disposition (Part 1 of 3)
